

JATIN

Rajpura, Punjab, India | jatin0700.be23@chitkara.edu.in | +91-9781098370 | [portfolio](#) | [linkedin](#) | [github](#)

Summary

Software Engineering student specializing in cloud-based full-stack development with React, Next.js, and Node.js. Experienced in Agile methodologies, leading development teams, and delivering scalable applications with focus on code quality.

Education

Chitkara University, Bachelor of Engineering – Rajpura, Punjab Aug 2023 – May 2027
• CGPA: 9.53/10.0 | Dean's List with 9.64 CGPA in first semester

Experience

Development Team Lead, Centre of Excellence (Apple Student Community) – Jan 2024 – Present
Chitkara University
• Led cross-functional team of 5+ developers in organizing HackDuet and TechNova hackathons, coordinating with participants using Agile methodologies and Scrum-based development practices

Brand Ambassador & Component Creator, 21st.dev – Remote May 2024 – Present
• Develop and maintain reusable React components for open-source community, serving 10k+ developers worldwide

Projects

Hospital Management System [Link](#)
• Architected and developed cloud-based Hospital Management System using React, Firebase, and Tailwind CSS, serving daily users with real-time data synchronization
• **Technologies:** React, Firebase, Tailwind CSS, RESTful APIs, Cloud Functions

Style Me - AI-Powered Fashion Platform [Link](#)
• Developed full-stack AI-powered fashion platform using Next.js, MongoDB, and Hugging Face's YISOL model for custom clothing design and integrated machine learning APIs to enable users to visualize custom-fit clothing designs, addressing sizing challenges in e-commerce
• **Technologies:** Next.js, MongoDB, Tailwind CSS, Hugging Face API, Node.js

Collection of Background Patterns [Link](#)
• Created open-source library of customizable background patterns for modern developers and designers, achieving 50+ GitHub stars
• **Technologies:** React, Tailwind CSS, JavaScript, NPM

E-Commerce Platform for Handmade Products [Link](#)
• Built full-stack e-commerce platform using HTML, JavaScript, CSS, and Firebase to support local artisans and small businesses
• **Technologies:** HTML, JavaScript, CSS, Firebase, Cloud Firestore

Technical Skills

Programming Languages: TypeScript, JavaScript, Node.js, C++, Java, Python

Frameworks & Libraries: React, Next.js, Express.js, Tailwind CSS, REST APIs

Tools & Platforms: Git, GitHub, VS Code, Firebase, MongoDB, Agile/Scrum, CI/CD

Databases: MongoDB, Firebase Firestore, SQL

Core Competencies: Cloud Platform Development, Agile Software Development, Full-Stack Web Development, Feature Ownership & Design, Cross-functional Collaboration, Code Quality & Testing, RESTful API Development

Certifications & Awards

- **Google Play Academy** - Store Listing Certificate
- **IBM Cloud Computing** - Introduction to Cloud Computing
- **Dean's List** - Chitkara University with 9.64 CGPA in first semester
- **Top 10 Position** - Among 250+ teams at BharatTech-2.0 hackathon
